## Why Us:

### Are you looking for information about your hometown and your community?

Even the other radio stations licensed to "the valley" operate out of studios in Utica or Syracuse, and most carry syndicated programming originating from parts unknown. Sometimes you'd like to hear what is happening in your own area. As a LPFM station, we are not permitted to broadcast outside our local area, truly making us a hometown, community station. We are committed to the valley because we live in the valley, we work in the valley, and we broadcast in the valley.

## Who We Are:
